A further a message from the Senate by Mr. Lundregan, one of its clerks, announced that the Senate has passed bills of the following titles in which concurrence of the House is requested:

S. 442. An Act to establish a national policy against State and local government interference with interstate commerce on the Internet or interactive computer services, and to exercise congressional jurisdiction over interstate commerce by establishing a moratorium on the imposition of exactions that would interfere with the free flow of commerce via the Internet, and for other purposes.

S. 2584. An Act to provide aviator continuation pay for military members killed in Operation Desert Shield.

¶105.40 MAMMOGRAMS AND BIOPSIES

Mr. BLILEY moved to suspend the rules and agree to the following resolution (H. Res. 565):

Whereas 1 in 8 women will develop breast cancer in her lifetime;

Whereas nearly 180,000 American women will be diagnosed with breast cancer this year, and nearly 44,000 women will die of the disease;

Whereas breast cancer is the leading cause of cancer death of women between the ages of 40 and 55;

Whereas it is universally recognized that regular mammograms are the best way to detect breast cancer at its earliest, most treatable stages, and that mammograms can detect small breast cancers up to 2 years earlier than they can be detected through self-examination;

Whereas early detection, including regular mammography screening with prompt treatment, could result in one-third fewer breast cancer deaths among women over age 50;

Whereas the American Cancer Society and the National Cancer Institute recognize that regular mammograms are beneficial to women in their forties and recommend that women begin mammography screening by age 40;

Whereas the Centers for Disease Control and Prevention determined in 1995 that nearly half of American women age 50 and older, and more than one-third of American women age 40 to 49, had not received a mammogram in the previous year;

Whereas annual mammograms are essential in early detection of breast cancer, and biopsies are the only way to diagnose or rule out breast cancer with certainty;

Whereas it is vital that women have information about breast biopsy and the biopsy options that are available to them;

Whereas cutting-edge technology in women's health is creating more options for women; and

Whereas greater awareness of the importance of mammograms leads to more mammograms and biopsies: Now, therefore, be it

Resolved, That it is the sense of the House of Representatives that—

(1) all American women should take an active role in the fight against breast cancer by all the means that are available to them, including self-examination, physician examination, and regular mammograms;

(2) the role played by community organizations and health care providers in promoting awareness of the importance of regular mammograms and of biopsy options and in helping to expand the availability of low-cost mammograms and biopsies should be recognized and applauded; and

(3) the Federal Government has a responsibility to—

(A) endeavor to raise awareness about the importance of the early detection (through mammography and biopsy) and prompt treatment of breast cancer;

(B) continue to fund research so that the causes of and a cure for breast cancer may be discovered; and

(C) continue to make mammograms and biopsies more widely available to women over 40.

The SPEAKER pro tempore, Mr. SHIMKUS, recognized Mr. BLILEY and Mr. BROWN of Ohio, each for 20 minutes.

After debate,

The question being put, viva voce,

Will the House suspend the rules and agree to said resolution?

The SPEAKER pro tempore, Mr. SHIMKUS, announced that two-thirds of the Members present had voted in the affirmative.

Mr. BASS demanded that the vote be taken by the yeas and nays, which demand was supported by one-fifth of the Members present, so the yeas and nays were ordered.

The SPEAKER pro tempore, Mr. SHIMKUS, pursuant to clause 5, rule I, announced that further proceedings on the motion were postponed until Thursday, October 9, 1998, pursuant to the prior announcement of the Chair.
